

EXPRESSION OF INTEREST

Supply of Hose Management Services

Reference: WS3068686

BIDS Categories: 470

Issue Date: 02/018/2016

Closing Date: 03/03/2016

Overview:

- Hibernia Management and Development Company Ltd. (HMDC) and ExxonMobil Canada Properties, a partnership (ExxonMobil) are in the process of pre-qualifying companies who can supply hose management services for their onshore and/or offshore Newfoundland and Labrador requirements.
- Contractor shall provide all management, personnel, processes, materials, tools, equipment, applicable certifications and facilities as may be required to ensure all equipment covered by this pending Contract shall be fabricated and supplied to meet all statutory requirements, codes of practice and applicable specifications.
- The intention is to have this scope of work cover the requirements of the Hibernia Project* and the Hebron Project. For clarity, the scope of work includes not only the foregoing, but may include at ExxonMobil and/or HMDC's discretion, future work related to minor changes to the scope of work described herein, in which ExxonMobil and/or HMDC may engage onshore or offshore Newfoundland and Labrador, for oil and gas facilities.
- While not planned, it should be noted that the resulting RFP and contract may require inclusion of and/or extension to other operators in the area, project co-venturers, contractors and/or affiliated companies.
- For work related to the Hibernia Project*, HMDC supports providing opportunities to Canadian, and, in particular, Newfoundland and Labrador companies and individuals, on a commercially competitive basis. Contractors expressing interest in providing services or materials, if they are selected to bid, will be required to complete a Canada-Newfoundland and Labrador Benefits Questionnaire at the bid stage.
- For work related to the Hebron Project, ExxonMobil supports providing opportunities to Canadian, and, in particular, Newfoundland and Labrador companies and individuals, on a commercially competitive basis. Contractors expressing interest in providing services or materials, if they are selected to bid, will be required to complete a Canada-Newfoundland and Labrador Benefits Questionnaire at the bid stage.
- Hibernia Management and Development Company Ltd. (HMDC) and ExxonMobil Canada Properties, a partnership (ExxonMobil) encourage(s) the participation of members of designated groups (women; Aboriginal peoples; persons with disabilities; and members of visible minorities) and corporations or cooperatives owned by them, in the supply of goods and services.

Supplier Diversity

Diverse Ownership (Completion of this section is voluntary)

A Diverse supplier is a business that is at least 51 % owned and controlled by a member(s) of one or more of the four designated groups identified in Canadian employment equity legislation:

- Women
- Aboriginal peoples
- Visible Minorities
- Persons with disabilities

Please indicate above which designated group(s) are applicable to your business.

Certification for Diverse Businesses

There are currently national certifying organizations that cover certification for businesses owned by:

- Aboriginal Peoples

Visible Minorities

Women

The Projects will continue to look for organizations that can provide certification support to businesses owned by persons with disabilities.

If you indicated that your business is owned by a member of a designated group, are you currently certified as a diverse-owned business? Yes No

Through which certifying organization is your business certified? _____

If you are a NL registered business and are not currently certified, would you be interested in learning more about certification? Yes No

The Hebron Project has a vendor database that is used to identify possible suppliers and contractors to participate in the project. Suppliers and contractors are encouraged to register.

ExxonMobil Canada Properties, operator of the Hebron Project, will use the database beyond development/construction, into the operations phase of the project. We also see value in expanding use of the database to the Hibernia and Hibernia Southern Extension projects, as well as project co-venturers and co-owners should they request information. The increased visibility to three major projects and other noted industry participants may be of value to your organization as it has the potential to increase future procurement opportunities.

DISCLAIMER: By registering your company in the vendor database, you are consenting to making your information available to the parties noted above in addition to the Hebron Project.

NOTE: Registration in the database does not imply that a supplier or contractor is approved as a qualified supplier, nor does it indicate that a supplier or contractor is included on any tender or bid list for the supply of goods or services for which it has registered.

Scope of Work Overview:

The scope of work/supply includes, but is not limited to:

- Contractor shall develop (or support development of) and maintain a database consisting of all flexible hoses and fittings covered under the scope of this agreement.
- Contractor will work with company personnel to determine which hoses will be included and excluded as per the hose register, and define scope of hoses for drilling operations and production operations.
- Contractor will work with Company personnel to classify hoses, determine frequency of inspections, and or replacements when building the database.
- Contractor must explain how database will work with respect to maintenance planning and scheduling.
- Contractor must have a local shop that is capable of fabricating flexible hydraulic hoses as well as inspection, pressure testing and certification capabilities.
- Contractor to manage (as required) the inventory of FHAs (flexible hose assemblies) as identified by risk evaluations as agreed upon and directed by Owner, with consideration of expected shelf life for hose materials.

- In relation to the FHA Register the Contractor is responsible to ensure proper certification is provided and adequate markings are in place for all FHAs on site and for any replacement FHAs sent to site. Also Contractor is responsible for ensuring register is maintained and up to date.
- Contractor to provide a secure, encrypted web based reporting and analysis site that includes a Product Catalogue that allows Owner to search using Owner's specified identifiers (part numbers, manufacturers, etc.).
- The Contractor shall provide Engineering and Technical support for the provision of failure analysis and detailed investigation reports if requested.
- The Contractor shall be responsible to take part in the Maintenance Planning process as required.
- Contractor to have capability to provide increased personnel numbers to facilitate large scale FHA replacements during operational outages if required.
- Contractor personnel must have BST and other offshore related training. Also Confined Space Entry and Fall Arrest Training/certification for NL. Contractor will be responsible for providing personnel on an as required basis and must provide personnel to the Hebron/Hibernia Facilities within 24 hour notice for emergency requests.
- Contractor shall provide all required specialty tools and testing apparatus, which may be required by Contractor's personnel to perform the required tasks.
- In addition, Contractor shall supply protective clothing for its own personnel which, as a minimum, shall comprise of:
 - Safety hard hat, hard hat liner
 - Safety boots
 - Safety glasses
 - Coveralls (insulated and fire resistant)
 - Work gloves
 - Thermal jacket
 - Insulated, water-proof jacket

Additionally, the selected contractor will be required to meet all technical and Safety, Health, Environmental, and Security (SHE&S) specifications and safe work practices of ExxonMobil and HMDC affiliates as appropriate.

Submission Requirements

Vendor submissions in response to this Expression of Interest **must** include the afore-mentioned reference number, as well as the following information:

1. Information demonstrating qualification for the Scope of Work detailed above.
2. Describe your experience operating under and familiarity with, the benefits provisions of the Canada-Newfoundland and Labrador Atlantic Accord Implementation Acts, and your experience with any similar regimes in other parts of Canada or internationally. At the RFP/ITT stage, bidders will be required to indicate how they comply with the above.
3. Please acknowledge that responsible management personnel have read, understand and will support requirements to comply with the following where applicable
 - i) Section 45 of the Canada-Newfoundland and Labrador Atlantic Accord Implementation Act
 - ii) The Hebron Benefits Agreement and Hebron Benefits Plan work requirements
 - iii) The HSE Benefits Agreement and HSE Benefits Plan work requirements

The data submitted will be used to do a preliminary evaluation of your company's ability to perform these services. Additional evaluation in the form of a prequalification should be anticipated in advance of ExxonMobil and HMDC finalizing a bidders list.

It will focus primarily on:

- Past safety performance
- Applicable experiences
- Project management skills & integration skills
- Available technologies with proven performance
- Current capability
- System lifecycle support capabilities and proven lifecycle programs
- Personnel qualifications

We will evaluate this data and develop a final group of vendors who will be asked to submit formal competitive bids. We reserve the right to make the final determination of which contractors will receive the Request for Proposals (RFP) or Invitation to Tender (ITT) and which contractor will be awarded the final contract.

This Expression of Interest is not a pre-qualification of contractors for other ExxonMobil /HMDC work, but is limited to the scope aforementioned. In addition, participation in this Expression of Interest, including any statements whether oral or written between ExxonMobil / HMDC and your company, shall not create or be deemed to create any binding legal relationship or contract, or be construed to do so between ExxonMobil / HMDC and your company. All costs associated with the preparation of your response to this expression of interest shall be at your expense.

This Expression of Interest may or may not result in the issuance of an RFP/ITT and may or may not result in the award of a contract. If you respond to this Expression of Interest and your company is selected to be on the bidders list, your company name, your designated company representative's name and business contact information may be posted on public websites. Similarly, if you are selected for award, the same information may also be posted, indicating that the work has been awarded to your company.

* It should be assumed that the Hibernia Project includes, but is not limited to, current and planned Hibernia and Hibernia Southern Extension operations as well as future development on behalf of Hibernia (operated by Hibernia Management and Development Company Ltd.) and/or Hibernia Southern Extension participants (operated by ExxonMobil Canada Properties).

Responses must be submitted electronically by the closing date to all of the ExxonMobil or HMDC e-mail addresses noted below:
